A Negro for Vice President.

A movement is being made all over the

country by the leaders and wire-pullers of the

Radical party, to have Fred Douglass, the

negro orator, nominated as their candidate

for Vice President. It is said that the

recent determination on the part of Mr.

Colefax to withdraw from political life, was

made solely with the view of preparing the

way for Douglass as his successor. The

Brooklyn Union, in noticing this letter of

Mr. Colefax, says:

"This withdrawal will give hope to Mr.

Wilson, of Massachusetts; Mr. Fenton, of

New York; Mr. Cox, of Ohio; Mr. Pomeroy,

of Kansas; Mr. Ames, of Mississippi; Mr.

Bond, of Maryland, and other excellent

and ambitious gentlemen. But all of these

gentlemen have one disqualification. They

are not negroes. The next Vice President of

the United States must be a negro!"

White men, do you think of that? Are

you prepared, with your votes, to sustain

a party that is endeavoring to place the

negro above the white man in this country?

The Democracy believe that this is a

White Man's Government, and they are

opposed to confiding the political destinies

of our country to the hands of the African

or Chinese races; but the Radicals, in the

hope of retaining power, avow their

determination to make a negro Vice President,

who, in the event of the death of the

President, will then become President of

this United States!

Signs of the Times.

J. N. Hook, the Chairman of the Radical

Central Committee of Adams county, and

Barnet Hook, Radical candidate for

Surveyor of Vinton county, have both re-

nounced the Radical party and joined the

Democracy.

Hon. M. Warren, elected by the Republicans

of Logan county to represent them in the

last Legislature, has taken the stump in

the Fourth Congressional District for

J. F. McKinney, the Democratic candidate

for Congress.

Hon. George M. Elliott, late Mayor of

Steuensville, has left the Radicals and

joined the Democracy. Hundreds of others

will go with him in Jefferson county.

The signs of the times are truly auspicious

everywhere. The Radical thieves and

land-grabbers are becoming more and

more odious every day, and the people are

erying aloud for change of rulers.

The Maine Election.

"As goes Maine," says the Republican,

"so goes the Union." Suppose, for the

sake of argument, we accept Maine as a

sore of political barometery, in what light

is the reduction of the Republican majority

in Maine at the recent election to be taken?

Heretofore, Maine has given from 20,000

to 25,000 Republican majority, and this

year she gives less than 5,000. If Maine

is any indication how the other States

of the Union are going in October, the

Democracy will be in the ascendancy

everywhere.

In speaking of the result in Maine the

The Morgan-Garfield Debate.

[Special Dispatch to the Ohio Statesman.]

General Morgan Pulverizes Garfield at Newark.

NEWARK, Ohio, September 22.

The joint political discussion between

General Morgan and Garfield took place

in this city this evening at Wallace's Op-

era House before an immense audience.

General Garfield opened with a one hour

speech. Gen. Morgan then followed with

a speech an hour and three-quarters long.

General Garfield closed the debate in a

half-hour speech.

General Garfield did as well as he could,

but he had a rotten case to petting, and he

felt it. Half of his speech was devoted to

defending the National banks, bondholders

and the protective tariff, and the remainder

was worn-out twaddle about the

negroes and the war.

General Morgan, on the other hand, was

never was his distinct proder of him than

to-night. Every position taken by Gen-

eral Garfield was swept away, and never was

the battle of the people fought more victoriously.

The discussion has made Morgan votes.

It was a sad move for Potwin when Gar-

field consented to enter into the discus-

sion.

The Licking county Democracy are on

the war path, and by next week the county

will be ablaze.

The challenge of Garfield to meet Morgan

on the stump, was promptly accepted and

the debate took place in Newark, on

Thursday, Sept. 22, 1870.

Garfield charged that the whole policy

of the Radicals had been imposed by the

people; to which Morgan replied that the

administration concealed from the people

the true condition of the country, and hence

the people voted without knowing the

facts. Thanks to the reformers in Congress,

the Secretary of the Treasury was forced

to divulge gross abuses which he had

sought to cover up. Among these

was the robbery of the people's taxes by

940 revenue collectors; whom Garfield

was turned out of office because

the taxes of the people "evaporated or

dropped away while passing through their

fingers." He claimed that there were on-

ly 50 defaulters, each of whom had been

seized on his bond. To this Morgan replied

reading from Senator Sherman's speech,

wherein the latter asserted that the whole

number of defaulters amounted to only

ten; while the official report of the Sec-

retary of the Treasury proved there were

340! Who then, said Morgan, is to be

believed, Sherman, who says ten, Garfield

who says 340, or Secretary Boutwell who

says there are 340 defaulters? Light has

at length reached the people, and what is

the result? Connecticut opened the ball

by giving a Democratic majority on the

popular vote, and a Democratic majority

in both branches of the Legislature. Next

came New York, with her 90,000 Demo-

cratic majority. This expression of the

people was afterwards responded to by the

voice of the people from the mountain

peaks and glens of Oregon, declaring for

reform and the Senate and House both

Democratic, securing an additional vote

in the U. S. Senate. Nor was this all.

The Radical leaders had boasted that Ken-

tucky would go Republican, and yet that

gallant old State maintained her Demo-

cratic majority of 50,000 votes. And then

came North Carolina, never known as a

Democratic State and where armed troops

had been sent to teach the people at the

point of the bayonet how to vote. What

was the result? In the present Congress

there are four Radicals and one Democrat;

but when the vote was counted out at the

late election, it was found that in the next

House representation from North Carolina

would consist of four Democrats and one

Republican. And lastly, in the late elec-

tion in Maine, the Radical majority of last

year was but down more than ten thousand

votes. Hence, said Morgan, since the

people have learned of the condition of

affairs at Washington, they have declared

against the thieves in power from the At-

lantic to the Pacific—from Connecticut to

Oregon.

Garfield demanded to know why Morgan

had voted against the tariff bill? Morgan

answered, because it was a fraud upon the

West; because in point of fact it would in-

crease instead of reduce the burdens of the

people; because it compelled every man

VOTERS AND TAX-PAYERS, LOOK AT THE RECORD!

At the last session of Congress, the Hon.

George W. Morgan, of Ohio, introduced

the following resolution:

"Resolved, That as a means of relief to

the people, and in some degree to equalize

taxation the Committee on Ways and

Means be, and said committee is hereby

instructed to report a bill, first, to exempt

1000 taxes, which the law requires the banks

to pay. And here stands General Garfield,

Chairman of the Committee on Banking,

justifying bank President Delano, and ad-

vocating the election of bank President

Potwin."

To which General Garfield replied that

he had gone to Washington to obtain his

statement, and Morgan answered—"Yes,

and the Secretary made you out an elec-

tioning document." Morgan con-

tinued: "General Garfield, I charge and will

prove that the administration is rotten

through and through."

To which Garfield answered, "that if it

was so, he didn't know it." Morgan said—

"Here is the Naval Register, and here is

the estimate of the Secretary of the Navy

—they are at your service. I call upon

you, General Garfield, to explain to this

people, how it happens that the Secretary

of the Navy asked appropriations for 400

officials more than are in the service."

General Garfield made no reply. "I chal-

lenge you," said Morgan, "to denounce or

justify the action of the Secretary of the

Navy in increasing the pay of the naval

officers one third, in violation of law." Gen-

eral Garfield made no reply. Morgan went

on: "Citizens, irrespective of party, you

are both robbed and betrayed. The great

body of you, whether Republicans or Dem-

ocrats, are in favor of Republican govern-

ment. But what has Garfield and his col-

leagues done? In 1861, at the close of

Buchanan's administration, the highest tax

in the Navy was Captain, and the highest

pay \$4,500. What have we to-night, un-

der the administration of President Grant?

Thirty-two Admirals, and seventy-

eight Commodores. Aristocratic titles

borrowed from the monarchies of Europe!

Instead of \$4,500 being the highest salary

in Democratic times, the highest salary

is \$13,000, and I challenge you to deny

it. Garfield did not reply.

One word upon another subject: General

Garfield, Senator Sherman, Gen. Schenck

the Hon. Jno. A. Bingham and their col-

leagues, have given away to a few Railroad

land-grabbers 164 million acres of land,

for alleged Railway purposes; but they

did not vote to give one acre for railroad

purposes in Ohio, nor has Ohio received

a single acre in aid of an Ohio railroad.

Nor did these gentlemen stop here. They

not only gave away this empire of land, but

they taxed you to build the Pacific railroad

into the bargain, and made you pay the

very men who stole your lands, \$32,000

a mile from the Mississippi to the Pacific

ocean.

It is true that what was called the Re-

publican State Convention declared against

land-grabbing, but while doing so, they

renounced the land-grabbers for Con-

gress."

GARFIELD.—"We are not going to vote

any more lands, but the policy we have

pursued was wise and just, but we

would do it any more if the people don't want

it."

MORGAN.—"Yes, that is what Sherman

says. You will only vote to give the

Southern Pacific as we have given to the

Central and Northern Pacific," and they

would give any more away, after all the

land is gone.

Citizens, the people send hundreds upon

hundreds of petitions demanding the abo-

lition of the National Banks, and the sub-

stitution of greenbacks for National bank

notes. From my own town came a peti-

tion signed by 264 persons, a majority of

whom were Republicans, demanding an

increase of currency, and greenbacks in-

stead of bank notes, and my friend Gar-

GENERAL MORGAN

Will speak at the Court House, Mt. Vernon, on Monday evening, October 10th. General Morgan will also speak at North Liberty on Friday afternoon, Oct. 7th, and at Fredericktown on Saturday afternoon, Oct. 8th. We trust our friends will see to it that proper notice is given for both these meetings.

LOCAL BRIEVITIES.

Mrs. E. A. Wright has our thanks for copies of late Oregon papers. The trees are beginning to put on their gorgeous autumn drapery. The Court of Common Pleas for this county, commenced its Fall Session on Tuesday. A young man named Ball was nearly killed while playing base ball, at Newark, last week. McCurdy, who shot his son at Cardington, is still exhibiting himself on our streets. Corns may be removed by painting them with the tincture of iodine, two or three times a week. Monday last was the anniversary of the Jewish new year, or the 5631 year since the creation. Children's "surprise parties" are now one of the features of Mt. Vernon social life. Mr. James M. Taylor, one of the pioneers of Newark, died on the 19th inst. in the 80th year of his age.

The track of the Strasburg Railroad is now laid a mile beyond the pike—about nine miles south of Newark. Daniel Scott, a well known farmer of Monroe Township, died on Saturday last, after a lingering illness. The Odd Fellows of Delaware now have a seven-storied American Cabinet Organ to grace their beautiful lodge-room. Rev. L. F. Bittle, of Painesville, has taken charge of the Christian church, of this city. There will be regular preaching, morning and evening hereafter. Yankee Robinson's Great Show will be in Mt. Vernon on Wednesday, October 12. For particulars see next week's BANNER.

We call attention to the advertisement of Walter L. Simons, Esq., in this week's paper, who offers for sale some valuable real estate in Mt. Vernon. We had a pleasant call a few days ago from our friend O. F. Melurin, of Newark, who was on his way East to purchase a large stock of furniture. The State Fair was a grand success. Over 72,000 tickets were sold, and the entries greatly exceeded those of any previous State Fair. Andrew Wilson, Jr., a well-known Ohio stockholder and speculator, attempted suicide in New York last week, on account of financial troubles. A Chicago music publisher has issued a song entitled, "Father will settle the bill." All the young ladies practice it at home as well as at the stores. A journal asks what is the difference between a soldier and a fashionable young lady? and replies, "One faces the powder, and the other powders the face."

Sound advice of an old merchant: "Never owe any man more than you are able to pay, and allow no man to owe you more than you are able to lose." Let every one of our friends, throughout Knox county, constitute themselves a committee for the purpose of increasing the subscription of the BANNER.

J. Sperry & Co., have closed their Main street store, and have opened out in grand style in their splendid new store room on the Public Square. The Base Ball Tournament at Martinsburg, on Saturday last, drew together an immense crowd of people. The silver ball prize was won by the Millington Base Ball Club.

Mr. John M. Andrews of this township left us one of our corn at the BANNER Office this week, which contains 1168 grains. Who can beat this? The peach crop is next thing to a total failure this year. Even in Holmes county, from which Mt. Vernon has heretofore drawn its chief supply, scarcely a peach is to be seen. It is rumored that the Rev. R. B. Peet is about to resign the Rectoryship of St. Paul's Episcopal Church in this city, and that the Rev. Mr. Strong, of Gambier will be invited to take his place.

Messrs. Sweetland & Bryant have moved into their elegant new store room under the BANNER Office, where they are opening one of the largest and freshest stocks of goods ever brought to Mt. Vernon. Honor to a Mt. Vernon Boy. Master Charles TAIT, son of our townsman Mr. H. C. TAIT, who has for some time past been attending Racine College, at Racine, Wis., brings home with him the Hibben Gold Medal, valued at \$36, for being the best scholar in that institution, from Ohio, out of 18 from the State. He also received from the Faculty of the College a gift of three beautiful volumes (Scott's "Tales of a Grandfather") for being the best scholar in his class. We understand that the College is in a highly flourishing condition, having 389 students. After spending a few weeks vacation at home, Master Charles will return to Racine to resume his studies.

Almost a Tragedy. Last Monday evening, week, the South-west corner of College township, was nearly the scene of a terrible tragedy. It seems that a man named Tom Russell went to the house of Phil Lough to transact a matter of business. While transacting it the parties became excited and came to blows, and during the melee Lough seized an axe standing in the house, and struck Russell on the head, the blade of the axe cutting a horrible gash from the temple to the chin. Dr. Sapp of Gambier was summoned and dressed the wound. Both parties were arrested, and brought before Esquire Leonard of Gambier, who after a patient hearing of the case and not being able to learn much from conflicting testimony dismissed the case after fining Lough ten dollars and costs.

The Great Trot at Hartford. The most exciting feature of the Hartford Fair last week, was the trotting match between Mr. Potwin's horse "Rocket" and the Delaware horse "Poppleton." "Rocket" won the \$75 purse to say nothing of outside betting after a close contest. The first heat was won by "Pop," but the subsequent ones by "Rocket." Time—2:00, 2:41, 2:43. It is said that a great deal of money changed hands on the occasion. It is reported that the same horses will try the contest over at our Knox County Fair this week.

Knox County Fair.

Our County Fair which is now in progress, is a decided success—far surpassing any previous one ever held in the county, so far as the number of entries, and the general display of stock is concerned. We took a hasty survey of the enclosure on Wednesday, and were more than pleased at the fine exhibition of stock as well as useful and ornamental articles that have been placed on exhibition by the citizens of Knox county.

We have neither time nor room this week to go into particulars, but we may state that the stock exhibited by I. T. Larimore, John C. Levering, John Lyal, T. Colwell, I. T. Beum, D. C. Langford, and others, cannot be surpassed in the State of Ohio, and if we had the power, we would gladly award them all the first premium.

The entries of hogs, sheep, horses, &c., is large, and uncommonly fine. Floral Hall is a perfect museum of useful and beautiful things, such as pianos and other musical instruments, sewing machines, washing machines, boots and shoes, vegetables, fruits, flowers, quilts, saddlery, pictures, candies, and many other things we cannot now recall to memory.

The display of machinery and agricultural implements is by no means as large as it might be. Why is it that this department always meager in Knox county? The trotting, as usual, is the most exciting feature of the Fair. The horses, whose speed has been tested in the enclosure, mostly belong to our county, and we certainly have good cause to be proud of them. "Rocket" appears to be the favorite.

Delano Defeated Again.

The case of Columbus Delano versus the City of Mount Vernon, was tried before Judge Osborn, at Ashland, on Thursday last; and after a patient investigation of the facts, and a summing up by counsel on both sides, the Judge very properly dismissed the case as being wholly groundless.

When news of this decision reached Mt. Vernon, there was general rejoicing all over the City, and men of all parties appeared to be delighted with the result. The members of Council were congratulated by their friends and the public generally; and so far as we can learn, there was not a single man in our entire community who expressed any sympathy for the "pook and beans hero" in his overwhelming defeat.

It is said that Delano's wrath over his discomfiture was unbounded. He was furious in his denunciation of the Judge, the Council, and every one else who did not champion his cause, and he expressed the belief that our entire population were his enemies and that they were conspired together to defeat and ruin him! He cursed and swore "like a trooper," and avowed his determination to sell all his property in Mt. Vernon, and leave the City in disgust, never to live here again! In pursuance of this terrible conclusion, in less than two hours after the decision was known, it is reported that he sold his High street residence to Mr. Adam Weaver, for ten thousand dollars, which is two thousand dollars less than he was offered for it a year ago. And it is also said that he will sell all his other property in the county, embracing some fine farms, as soon as he can find suitable purchasers, and leave Knox county forever! Oh, what a calamity that would be!

We are truly sorry that our pious and patriotic friend Delano has come to such rash conclusions. We cannot afford to spare him yet. We hope he will reconsider the matter, and consent to spend a few more years of his miserable life among us. We don't see how we can get along without Delano. He has afforded us topics for a great many articles, "from grave to gay, from lively to severe." We have used him and we hope to use him again, to illustrate the meanness and selfishness of mankind. If he should leave us in a huff, this exquisite pleasure would be denied us. We therefore most earnestly and sincerely hope that he will not leave us. We can better spare a better man.

Don't you go Delano, don't go. Stay at home Delano, don't go. There's no one but hummers who run about so. Oh! I beg of you Delano don't!

A Potwin Fizzle.

A certain Dr. Reamy, of Zanesville, was sent here by C. W. Potwin, the National Bank candidate for Congress, to address a Radical meeting on Saturday evening last, at the Court House, and notwithstanding the bell was rung several times, and the band enlivened the streets with various patriotic airs, but an ominous load of the "trophy lion" could be collected together. There were but 92 persons by actual count in the meeting, as we are credibly informed, which included the members of the band, nineteen ladies, six Democrats, fifteen boys and nine negroes. Dr. Reamy spoke his piece in praise of his employer, which was listened to with profound and solemn respect, after which the little gathering peacefully dispersed.

The Trial of A. L. Robinson for Murder.

The trial of A. L. Robinson for the murder of his mistress, Mrs. Mary Lunsford, commenced at Mansfield, on Monday, before Judge Geddis. The entire first day was consumed in empanelling a jury; and out of some fifty persons called, only eleven could be found who had not formed and expressed an opinion in regard to the case. The Prosecuting Attorney, Andrew W. Stevenson, Esq., will be assisted by Judge Sample, of Newark, and by May & Cowen, and Jenner & Jenner, of Mansfield. The defense will be conducted by Barnes & Dickey, Malson & Disland, and Carpenter & Good, all leading lawyers of Mansfield. The defendant pleads "not guilty," and it is said he is confident of an acquittal.

Destructive Fire at Mt. Gilead.

On Monday forenoon, Sept. 19th, a fire broke out in the Steam Saw Mill and Sash Factory, owned by Geo. N. Clark, J. M. Andrews, and Dr. Briggs, situated in the West-west part of Mt. Gilead, and by noon was burned to the ground. The Fire Engine and citizens were at the fire promptly, and worked with a will to subvert the flames, but owing to the scarcity of water, they were unable to save it. The loss is a severe one to the parties owning the Mill, as there was no insurance upon it.

Something New.

Mr. J. P. Snooks, of the Berlin Hospital, has presented us with a newly patented article for starting fires, which is very simple and very cheap, and must on that account come into general use. A small composition ball, which is attached to a wire, is saturated with benzine, which will burn long enough to start either a wood or coal fire. Mr. Snooks is the sole agent for this article in Knox county.

THE POPE LIKELY TO REMOVE TO THE UNITED STATES.

A dispatch from New York to the Cincinnati Enquirer, Sept. 24th, says: The Roman Catholics of this city have been profoundly moved by the recent events in Italy. At a meeting to-day of wealthy laymen and prominent ecclesiastics, the following private dispatch from an American Bishop was read:

"ROME, Sept. 22.—Continue in the good work. The future is dark. In an interview with Antonelli to-day he said that it was impossible to remain here. The Council has been dissolved, but a large number of the members will remain until a programme has been decided upon. The faction in favor of abandoning the temporal power is daily gaining ground, and its formal renunciation may be rendered absolutely necessary by events. Should this be so, it is highly probable that His Holiness will take refuge in the United States. He expresses fears, however, in spite of American assurances, that his presence would lead to excitement and trouble. His resignation is touching."

After the reading of the dispatch a few remarks were made, in which it was admitted that to avoid trouble it would be necessary, should the Holy Father take up his residence here, to act with extreme caution to prevent needless alarm among the non-Catholic sects. Highly encouraging reports from different parts of the country were read. Already four millions dollars were pledged, and there would be no difficulty in raising the fifteen millions proposed should His Holiness decide to come. This is the good work alluded to in the dispatch.

Methodist Appointments.

At the recent session of the Methodist Episcopal church, at Ashland, the following appointments of preachers were made for this District: Mr. VERNON DISTRICT—L. Warner, P. E. Mt. Vernon—G. Mather. Utica and Martinsburg—B. D. Jones. Homer—J. A. Kellam. East Union—J. Williams and C. Carver. Roscoe—S. R. Squier. Dresden—J. B. Reasoner. Keene—W. L. Phillips. Gambier—W. C. Huestes. Amity—W. Kepler. Fredericktown—S. Mower, Circuit D. Lambert. Chesterville—B. A. Disney. Bloomfield—J. H. Johnson.

Here Again.

C. W. Potwin, the National Bank candidate for Congress has been attending our Fair this week; and has put in his time in practicing his favorite amusement of hand-shaking and kick-hugging the people. This very intellectual and dignified performance may be fine sport for Mr. Potwin, but we don't think it constitutes any great qualification for a seat in Congress.

Railroad Accident.

The 11:21 A. M. train from the North ran over a cow between Mansfield and Lexington, on Tuesday, throwing the locomotive and cars off the track, and smashing them badly. The engineer was seriously, but not fatally, injured. No other person on the train was hurt.

Equalization.

The County Board of Equalization adjourned on the 21st of September, to meet again at the Auditor's Office on the 5th day of October, 1870, to hear any complaints that may be presented, on account of inequality which may exist in the apportionment of Real Property by the Township Land Assessors.

S. W. FARQUHAR, Auditor, K. C. O.

Auditor's Office, Sept. 26, 1870.

The kind and christian spirit of Columbus Delano is made manifest by a little circumstance that just came to our notice. He bargained to lease one of his farms in this county to an honest, hardworking man; but when he found out that the man was a Democrat, a subscriber to the BANNER, and would vote for General Morgan, Delano backed square out, and declared that the man shouldn't have the place. We think the man is fortunate in getting out of Delano's clutches, before he was skinned alive.

The negro preachers of Louisiana, who have a society known as the Christian Republican Association, give a bad account of the reconstructed government in that State, saying: "The Legislature, at its last regular session, voted away \$1,204,670, at the special ten days' session it voted away \$1,230,707, making \$2,435,377, besides the millions which they gave to the Chattanooga and other railroads, and the expenses of the State government. In this species of extravagant legislation, should continue a few sessions more, all the property in the State of Louisiana would not be sufficient to pay the indebtedness."

The Ohio Annual Conference of the M. E. Church, which was to have been held at Logan, October 6th, has been postponed to the 13th. This was done in order that the ministers of God might stay at home on election day to vote. Their own actions indicate that they think more of politics than religion—more of party than they do of church.

The Democracy of the Nineteenth district, at their convention at Warren, on the 21st inst., nominated for Congress Col. George A. Howard, of Ashtabula county. The Colonel will lead a forlorn hope, but he will do it well.

TO THE NERVOUS.—The natural result of exhaustion of strength by excessive labor or action, is a feeling of weakness, dullness, heaviness, weariness, languor of body or mind; &c. Persons of a weak constitution, or whose habits are sedentary, frequently complain of this relaxed condition of the vital energies; and when persons of a nervous temperament are thus weakened and debilitated, disease inevitably follows, unless it is once checked and overcome. All who suffer from these conditions alike require a remedy which will strengthen the system without exciting it, and awake a feeling of true enjoyment, so that life may become a source of pleasure. MESSENGER'S HERB BITTERS has won its way into the confidence of thousands of this class of persons, who warmly endorse it as the best invigorating agent, and the most potent and genial of all tonics and alteratives for strengthening and restoring the physical constitution. Sept. 28-70.

Elegant Workmanship.

In visiting the rooms of Melurin & Son the other day, we noticed among the collection of beautiful work always to be found there, a family monument of Italian marble that would elicit admiration wherever refined taste has an abiding place. It had received its finishing touches, and is to adorn the family burying lot of Geo. B. Potwin Esq., of Mt. Vernon. We have seen larger monuments, but never one exhibiting more taste of beauty and design, or higher artistic merit in workmanship. The name of O. F. Melurin & Son has become a sufficient guarantee for the excellence of their monumental work. No one need hesitate in entrusting to them the execution of their wishes. They are not excelled and rarely equalled in fine monuments, which they make a specialty. Mr. Melurin is, in fact, an enthusiast in marble work, and our whole community feel pleasure and pride in his success. Newark Advocate.

Dr. A. Fry.
